WORK EXPERIENCE

WordPress Developer **May 2025 – June 2026**
Awaraj.com

- Developed and maintained **7+ responsive WordPress and WooCommerce websites**, focusing on performance, usability and cross-device compatibility.
- Customized WordPress themes, plugins and layouts using **HTML5, CSS3, JavaScript and PHP**.
- Integrated **Razorpay payment gateway** and configured WooCommerce products, checkout and order functionality.
- Handled website deployment, migration, DNS, SSL, backups and hosting-related tasks.
- Debugged functional, layout and responsiveness issues and optimized websites for better performance and user experience.
- Collaborated with clients and design teams to implement website requirements and improve UI/UX.

PROJECTS

Quiz Application *Java — JDBC — Oracle*

- Developed a Java-based quiz application with user authentication, input validation and quiz functionality.
- Implemented **CRUD operations** and database connectivity using JDBC and SQL.
- Applied **OOP principles, exception handling and database operations** to build structured application logic.
- GitHub Repository

Personal Portfolio Website *HTML5 — CSS3 — JavaScript*

- Designed and developed a responsive portfolio website to showcase projects, technical skills, certifications and resume.
- Implemented responsive layouts and interactive UI components using HTML, CSS and JavaScript.
- Optimized the website for mobile devices, usability and user experience.
- GitHub Repository

PROFESSIONAL SKILLS

Problem Solving — Analytical Thinking — Debugging & Troubleshooting — Team Collaboration — Communication — Adaptability — Time Management
